## Key Facts and Figures

### International Security Assistance Force (ISAF): Key Facts and Figures

The purpose of NATO-ISAF's presence in Afghanistan is to prevent Afghanistan from once again becoming a haven for terrorists and to help build security and contribute to a better future for the Afghan people. NATO-ISAF, as part of the overall International Community effort, and as mandated by the United Nations Security Council, is working with Afghanistan to create the conditions whereby the Government of Afghanistan is able to exercise its authority throughout Afghanistan; significant progress on effective national and provincial rule of law has been achieved; and substantial economic and social development has occurred. To carry out its mission, ISAF conducts population-centric counterinsurgency operations in partnership with Afghan National Security Forces (ANSF) and provides support to the Government and International Community in Security Sector Reform, including mentoring, training and operational support to the Afghan National Army and the Afghan National Police.
